Erie's New Burger King First National QSR to Open Doors in the Center of Town

ERIE, CO - The lines have been non-stop during the first week of business at the new Burger King located at Erie's Four Corners - the Town's geographic center. The Burger King at Erie Parkway and County Line Road is the first national Quick Service Restaurant (QSR) to locate in the center of Town.

Hungry customers of all ages have been flocking to the new restaurant at all hours. The customers visiting the new restaurant reflect Erie's demographics and range from families with young children; active adults; trade workers from numerous housing developments under construction and employees from adjacent Erie businesses.

Positioned directly across from the Erie Community Center, Erie Community Park and the Ball Park at Erie - the Town has warned BK management to expect even heavier customer traffic on weekends and during special events

and tournaments programmed throughout the year.

The new Burger King is located in the Coal Creek Subdivision and according to its developer; Kiddie Academy daycare and a speculative two story office building are anticipated to break ground later this spring.
